

Do you have questions concerning bike riding for your child?

If it is the case, we are inviting you to our **BIKE RIDING STRATEGY WORKSHOP**. It is an information session for care givers only, who are interested in learning how to teach bike riding to their child. A team of two physiotherapists will be presenting a step by step approach to teaching bike riding and on the most common challenges encountered by families.

This **BIKE RIDING STRATEGY WORKSHOP** is organized only once every 2 years. The next presentation will be organized in

April 2016
