Dear Friend,

This year marks the Montreal AHEPA Family's (American Hellenic Educational Progressive Association) 19th Annual Saint Valentine's Ball. Due to your generous and ongoing support throughout the years, this event has raised over \$811,000 for various children's causes in the Greater Montreal area, such as St. Justine's Children's Hospital, The Shriners Children's Hospital, Giant Steps School for Autistic Children, the Socrates/Demosthenes Schools, the Jewish General Hospital NICU (Neonatal Intensive Care Unit), and many more. For that, we thank you.

The AHEPA Family is encouraging the Greater Montreal community to join us in continuing this worthy endeavour. This year we will continue focusing on the physical education needs of the 570 students at Summit School. With your help and support, our 2016 campaign raised \$52,000 to start the fundraising effort and help with the architectural design of this new gymnasium. We are proud to return for a second fundraising campaign benefitting the construction of this new addition to their facility in Ville Saint-Laurent. Their ever-growing needs and increasing enrolment have since added to the plans of this new sports facility to expand with extra classrooms and a cafeteria.

Montreal's Summit School has been educating children with developmental disabilities for over 50 years. Summit School offers young people of different ethnic origins with intellectual and behavioral challenges a different path for their educational journey. At Summit, educators, occupational and speech therapists, physiotherapists, social workers and psychologists work together under one roof. Every step of the way, Summit School keeps its focus on "Awakening the Potential" of each student who passes through its doors.

The AHEPA Family is appealing to the Greater Montreal community at large to help in this endeavour through your kind contribution and generous donation. We have detailed the different levels of sponsorship and advertising available. An information form to be completed is also attached, to be returned with your choice of support. We are available and ready to meet with you and present our project with representatives from the school. Please visit: www.ahepamontreal.org and www.summit-school.com.

The 19th Annual Saint Valentine's Ball will take place on **Friday, February 9th, 2018**. Invitations will follow shortly.

Yours sincerely,

James Hutchison
Co-Chairperson
